The Company has the freedom of drafting the Fair Practices Code, enhancing the scope of the directions but in no way sacrificing the spirit underlying the above directions. The same shall be put up on the website, for the information of various stakeholders.

10	Regulation of excessive interest charged by the Company a) The Board of AHFL shall adopt an interest rate policy taking into account relevant factors such as cost of funds, margin and risk premium and determine the rate of interest to be charged for loans and advances. The rate of interest and the approach for gradation of risk and rationale for charging different rate of interest to different categories of borrowers shall be disclosed to the borrower or customer in the application form and communicated explicitly in the sanction letter. The Board of the Company also has clearly laid down policy for penal charges (if any). b) The rates of interest and the approach for gradation of risks, and penal charges plus applicable GST (if any) shall also be made available on the website of the companies or published in the relevant newspapers. The information published in the website or otherwise published shall be updated whenever there is a change in the rates of interest. c) The rate of interest plus applicable GST (if any) must be annualised rate so that the borrower is aware of the exact rates that would be charged to the account. d) Instalments collected from borrowers should clearly indicate the bifurcation between interest and principal.
11	Excessive interest charged by Company Though interest rates are not regulated by the Bank, rates of interest beyond a certain level may be seen to be excessive and can neither be sustainable nor be conforming to normal financial practice. The Company shall lay out appropriate internal principles and procedures in determining interest rates and processing and other charges (including penal charges, if any). In this regard the directions in this Code about transparency in respect of terms and conditions of the loans are to be kept in view. The Company shall to put in place an internal mechanism to monitor the process and the operations so as to ensure adequate transparency in communications with the borrowers.
12	Penal Charges in Loan Accounts Penalty, if charged, for non-compliance of material terms and conditions of loan contract by the borrower shall be treated as 'penal charges' and shall not be levied in the form of 'penal interest' that is added to the rate of interest charged on the advances. There shall be no capitalisation of penal charges i.e., no further interest computed on such charges. However, this will not affect the normal procedures for compounding of interest in the loan account. The Company shall not introduce any additional component to the rate of interest and ensure compliance to these guidelines in both letter and spirit.

	The Company shall formulate a Board approved policy on penal charges or similar charges on loans, by whatever name called. The quantum of penal charges shall be reasonable and commensurate with the non-compliance of material terms and conditions of loan contract without being discriminatory within a particular loan / product category. The penal charges in case of loans sanctioned to ‘individual borrowers, for purposes other than business’, shall not be higher than the penal charges applicable to non-individual borrowers for similar non-compliance of material terms and conditions. The quantum and reason for penal charges shall be clearly disclosed by the Company to the customers in the loan agreement and most important terms & conditions / Key Fact Statement (KFS) as applicable, in addition to being displayed on REs website under Interest rates and Service Charges. Whenever reminders for non-compliance of material terms and conditions of loan are sent to borrowers, the applicable penal charges shall be communicated. Further, any instance of levy of penal charges and the reason therefor shall also be communicated. These instructions shall be implemented in respect of all the fresh loans availed from April 01, 2024 onwards. The Company may carry out appropriate revisions in their policy framework and ensure implementation of the instructions in respect of all the fresh loans availed/ renewed from the effective date. In the case of existing loans, the switchover to new penal charges regime shall be ensured on next review or renewal date falling on or after April 01, 2024, but not later than June 30, 2024.
13	Reset of Floating Interest Rate on Equated Monthly Instalments (EMI) based Personal Loans (including housing loans) I. At the time of sanction of EMI based floating rate personal loans, the Company is required to take into account the repayment capacity of borrowers to ensure that adequate headroom/ margin is available for elongation of tenor and/ or increase in EMI, in the scenario of possible increase in the external benchmark rate/ interest rates during the tenor of the loan. However, in respect of EMI based floating rate personal loans, in the wake of rising interest rates, several consumer grievances related to elongation of loan tenor and/or increase in EMI amount, without proper communication with and/or consent of the borrowers have been received. In order to address these concerns, the Company is advised to put in place an appropriate policy framework meeting the following requirements for implementation and compliance: A) At the time of sanction, the Company shall clearly communicate to the borrowers about the possible impact of change in interest rate on the loan leading to changes in EMI and/or tenor or both. Subsequently, any increase in the EMI/ tenor or both on account of the above shall be communicated to the borrower immediately through appropriate channels. B) At the time of reset of interest rates, the Company shall provide the option to the borrowers to switch over to a fixed rate as per their Board approved policy.

	The policy, <i>inter alia</i>, may also specify the number of times a borrower will be allowed to switch during the tenor of the loan. C) The borrowers shall also be given the choice to opt for (i) enhancement in EMI or elongation of tenor or for a combination of both options; and, (ii) to prepay, either in part or in full, at any point during the tenor of the loan. Levy of foreclosure charges/ pre-payment penalty shall be subject to extant instructions. D) All applicable charges for switching of loans from floating to fixed rate and any other service charges/ administrative costs incidental to the exercise of the above options shall be transparently disclosed in the sanction letter and also at the time of revision of such charges/ costs by the Company from time to time. E) The Company shall ensure that the elongation of tenor in case of floating rate loan does not result in negative amortisation. F) The Company shall share / make accessible to the borrowers, through appropriate channels, a statement at the end of each quarter which shall at the minimum, enumerate the principal and interest recovered till date, EMI amount, number of EMIs left and annualized rate of interest / Annual Percentage Rate (APR) for the entire tenor of the loan. The Company shall ensure that the statements are simple and easily understood by the borrower. II. Apart from the equated monthly instalment loans, these instructions would also apply, <i>mutatis mutandis</i>, to all equated instalment based loans of different periodicities. The above instructions are extended to the existing as well as new loans suitably by December 31, 2023. All existing borrowers shall be sent a communication, through appropriate channels, intimating the options available to them.
